

Order information

Subscriptions

Karger offers three types of subscription: *Print Only*, *Online Only* and the combined *Print + Online*.

The basic annual subscription rate is the same for all three delivery forms; however, a fee for the combined print and online subscription is levied, and there is a postage and handling charge for *Print Only* and *Print + Online*.

Subscription rate model:

Print Only:	100% + postage and handling
Online Only:	100%
Print + Online:	100% + 10% + postage and handling (Institutional)
Print + Online:	100% + flat fee per volume + postage and handling (Personal)

The surcharge for combined print and online for institutional subscribers is 10% with a minimum of CHF 69.– / EUR 55.– / USD 67.00. The flat fee for combined print and online for personal subscribers is currently CHF 48.– / EUR 38.– / USD 47.00 per volume.

Please note that a **multi-site license** (for institutions with more than one physical location) as well as **remote end-user access** are both subject to separate agreements; institutional online subscriptions cover multiple simultaneous access but from one physical location only.

For terms and conditions pertaining to the use and dissemination of Karger online full-text material for journals and books, please refer to our **site license** under the URL www.karger.com/sitelicense.

Reduced Rates

With a few exceptions, **personal subscribers** are entitled to a substantial discount. Details can be found on the individual journal homepages. Such orders must be clearly marked 'personal subscription'. The special rate can only be granted if the print journal is delivered to a private address and the subscription is paid out of private funds or by personal credit card. Personal subscribers paying through group/institutional accounts must verify in writing that the journal is ordered for their personal use only.

Please note that personal online subscriptions are not transferable and access is user ID and password controlled.

Members of various **medical and scientific associations** also qualify for preferential rates for certain journals. Please contact us at service@karger.ch for more information.

Special pricing is available for **library consortia** and **commercial** organizations: please inquire by sending an e-mail to service@karger.ch.

Ordering

Journal subscriptions as well as continuation orders for book series can be placed at any bookstore, subscription agency, directly with Karger Publishers, or at one of its agencies. Every journal homepage offers order forms to print out or fill in online. Orders can also be e-mailed to orders@karger.ch.

Please note that every journal has a set of two **ISSN** numbers, one for the print edition and one for the online one: be sure to quote the right one depending on the delivery form you wish for your subscription; for *Print + Online* please indicate both.

Prices

All prices are based on the Swiss Franc. Prices are subject to change. Prices in EUR are only valid within Germany, prices quoted in USD are valid for the USA only.

Invoicing and Dispatch

The **postage and handling** charge for *Print Only* or *Print + Online* subscriptions is indicated separately. To ensure **rapid delivery** to all destinations, we use **SAL** (Surface Air Lifted) for overseas. Airmail delivery is also available at a supplementary charge.

Institutions and private persons with a **subscription account** directly with Karger Publishers will receive separate invoices for the different types of subscription.

Subscription Period

Print subscriptions run for a full calendar year and may cover more than one volume. New subscriptions placed during the year will begin with the delivery of all back issues for that subscription year.

An **online subscription** allows access only to issues published in the subscription year. Access is activated with the first issue in that subscription year going online. These issues remain accessible on an archival

basis even if the subscription is not renewed. It is not possible to access issues published prior and subsequent to the subscription year, unless a subscription to those years is purchased. **New online subscribers** receive instructions and their user ID/password together with the written confirmation of their order. For questions and problems our **help desk** can be reached under online@karger.ch.

Authorized Access

For personal subscribers **access** is regulated via **user ID/password**, for those at institutes and libraries additionally via **IP address(es)**.

In order to facilitate the administration of online subscriptions, we offer libraries the option of access regulation via IP address alone, provided there is no IP overlap or cross-accessing with other institutions. If you are interested, please contact us under service@karger.ch.

Back Volumes and Single Issues

Information on availability and prices of **single print issues** and **print or electronic back volumes** can be obtained from Customer Service at service@karger.ch.

eJournal Archives

Please see www.karger.com/eja for details and pricing of eJournal Archives for individual titles.

Journal Archive Collection

The Journal Archive Collection consists of all Karger journal issues from 1997 back to each title's first year of publication. The whole collection encompasses 64 journal titles divided into 5 subject packages. For further information, please visit www.karger.com/jac.

eBook Collection

The Karger eBooks Collection encompasses the online versions of all Karger book series titles published since 1997. For further information, please visit www.karger.com/ebooks.

Hospital Collection

The Karger Hospital Collection consists of 22 eJournal titles and 10 eBook series with clinically relevant titles across a wide range of medical subjects. For more details, please refer to www.karger.com/hospitalcollection.

Pharma Collection

The Karger Pharma Collection offers clients the opportunity to either compose their own customized collection themselves or have Karger put together a collection according to their wishes, choosing any number and combination of electronically available publications from the entire Karger book and journal program. For more details please refer to www.karger.com/pharmacollection.

General Journal Information

End-of-volume issues contain a title page, volume index, author index and, as a rule, a subject index. In the majority of journals, papers feature key words and abstracts or summaries in English. Papers which appear in multilingual journals contain an abstract in the original language and sometimes in the publication's other languages as well.

Full details on a journal's aims and scope, tables of contents, article abstracts and free online sample issues are available on the journal homepages on www.karger.com; use the **direct URL (Journal Gateways)** of the journal as indicated in this list.

Generally a journal issue is released online before the printed version is dispatched.

Online First: Many journals publish articles continuously online; the print version is released whenever an issue is completed.

Please use a **current, updated internet browser version**. Table of contents, article abstracts, references and most articles are available in HTML. All articles are also available in PDF format. To view and print the PDF files, Acrobat Reader from Adobe is required.

Information Service

A **free electronic sample** issue can be accessed from every journal's homepage.

The Karger Alert system notifies you whenever a new article (for online-first journals) or issue has become available online. You can also opt to be informed about new book releases in your fields of interest. Compose your alert profile at www.karger.com/alert to make the most of this information tool.

For comprehensive information downloads please go to www.karger.com/info-downloads.
