

# Human Heredity

## International Journal of Human and Medical Genetics

Founded 1950 as 'Acta Genetica et Statistica Medica' by Gunnar Dahlberg (1950–1964)  
Continued in 1965 by M. Hauge (1965–1968)  
Changed in 1969 to 'Human Heredity'  
Continued in 1969 by M. Hauge and L. Beckman (1969–1983)  
Continued in 1984 by L. Beckman (1984–1990)  
Continued in 1991 by Jürg Ott (1991–2004)

#### Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.
