

Dear Reader

Technologically, the publishing business is still in a phase of transition, which offers sensational technical solutions and continuously produces new applications. The traditional models, on the other hand, continue to form the solid basis of knowledge transference. New possibilities stimulate us, resulting in well-trying possibilities often being forgotten. What finally gets accepted can only be seen in retrospective.

Catchwords such as *Patron-Driven Acquisition*, *Cost per Download*, and, still very importantly, *Affordability* are frequently used in our sector. Against a backdrop of budgets that are dwindling faster and faster, this is understandable, but as regrettable as this financial development is, we as knowledge brokers must oppose the number of hits on a publication as being the sole criterion by which it is ultimately decided which contents are to be made available and which are not.

The example of personalized medicine shows that the patient target groups as well as their study groups are continuously becoming smaller. This makes it even more pressing that the supposedly enormous flood of information can be utilized in such a well-targeted manner to ensure that the correct information is available to exactly those who need and are searching for it. Purely quantitative measurements of usage are not supportive of such research.

It is quite ironic that now, when finally no space or organizational limits force libraries and institutes to restrict their stock of available knowledge, this wonderful freedom is being severely jeopardized by inadequate funding. As with all things new, these electronic opportunities will assert and establish themselves where and when they make sense. However, the question remains: How much sense does it make to give so much weight to a raw download count when it comes to transfer of knowledge?

Liebe Leserinnen und Leser

Auf technischem Gebiet befindet sich das Verlagswesen nach wie vor im Wandel, in welchem sensationelle Lösungen möglich sind und laufend neue dazu kommen. Gleichzeitig bilden traditionelle Modelle immer noch ein solides Fundament für die Wissensvermittlung. Das Neue weckt in uns ein Interesse, auf das das Altbewährte, oft zu Recht, eifersüchtig werden könnte. Doch was sich durchsetzt und dadurch zum Altbewährten wird, lässt sich erst im Rückblick sagen.

Schlagwörter wie «Patron-Driven Acquisition», «Cost per Download» und, nach wie vor, «Affordability» werden oft gehört in unserer Branche. Vor dem Hintergrund immer stärker schwindender Budgets ist das nachvollziehbar. Aber so bedauerlich diese finanzielle Entwicklung auch ist, wir Wissensvermittler müssen dafür einstehen, dass die Anzahl Klicks auf eine Publikation nicht zum alleinigen Massstab gemacht wird, der letztlich darüber entscheidet, welche Inhalte zugänglich gemacht werden und welche nicht.

Das Beispiel der personalisierten Medizin zeigt, dass nicht nur die Zielgruppen für Medikamente, sondern auch die Studiengruppen immer kleiner werden. Deshalb ist es umso dringlicher, dass die vermeintliche Unmenge an Informationen gezielt genutzt werden kann, so dass die richtige Information exakt denjenigen zur Verfügung steht, die sie brauchen bzw. suchen. Bewegen wir uns also mit quantitativen Kriterien zur Inhaltsnutzung nicht genau in die falsche Richtung?

Ist es nicht ironisch, dass jetzt, wo Bibliotheken und Institute nicht länger durch räumliche und organisatorische Einschränkungen dazu gezwungen sind, ihren Bestand an verfügbarem Wissen zu limitieren, diese wunderbare Freiheit wegen ungenügender Mittel einen empfindlichen Dämpfer erhält? Mit den elektronischen Möglichkeiten wird es sich wohl verhalten wie mit allen Neuerungen: Sie setzen sich dort durch, wo sie sinnvoll sind. Die Frage bleibt, ob es gerade bei der Wissensvermittlung sinnvoll ist, so stark auf die Karte der «klickenden Masse» zu setzen ...

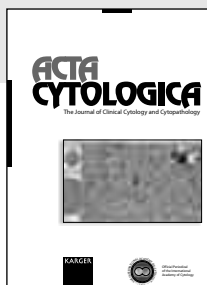

Yours /Ihre

These peer-reviewed online-only journals publish original case reports covering the entire spectrum of their respective fields, including prevention, diagnosis, treatment, toxicities of therapy, supportive care, quality-of-life, and survivorship issues. The submission of negative results is strongly encouraged. The journals will also accept case reports dealing with the use of novel technologies, both in the arena of diagnosis and treatment. The intent of the journals is to provide clinicians and researchers with a tool to disseminate their personal experiences to a wider public as well as to review interesting cases encountered by colleagues all over the world.

Universally used terms can be searched across the entire growing collection of case reports, further facilitating the retrieval of specific information.

Following the open access principle, the entire contents can be retrieved at no charge, guaranteeing easy access to this valuable source of anecdotal information at all times.

Order information

Subscriptions

Karger offers **three types of subscription**: Print Only, Online Only and the combined Print + Online.

The basic annual subscription rate is the same for all three delivery forms; however, a fee for the combined print and online subscription is levied, and there is a postage and handling charge for Print Only and Print + Online.

Subscription rate model:

Print Only:	100% + postage and handling
Online Only:	100%
Print + Online:	100% + 10% + postage and handling (Institutional)
Print + Online:	100% + flat fee per volume + postage and handling (Personal)

The surcharge for combined print and online for institutional subscribers is 10% with a minimum of CHF 69.– / EUR 55.– / USD 67.00. The flat fee for combined print and online for personal subscribers is currently CHF 48.– / EUR 38.– / USD 47.00 per volume.

Please note that a **multi-site license** (for institutions with more than one physical location) as well as **remote end-user access** are both subject to separate agreements; institutional online subscriptions cover multiple simultaneous access but from one physical location only.

For terms and conditions pertaining to the use and dissemination of Karger online full-text material for journals and books, please refer to our **site license** under the URL www.karger.com/sitelicense.

Reduced Rates

With a few exceptions, **personal subscribers** are entitled to a substantial discount. Details can be found on the individual journal homepages. Such orders must be clearly marked 'personal subscription'. The special rate can only be granted if the print journal is delivered to a private address and the subscription is paid out of private funds or by personal credit card. Personal subscribers paying through group/institutional accounts must verify in writing that the journal is ordered for their personal use only.

Please note that personal online subscriptions are not transferable and access is user ID and password controlled.

Members of various **medical and scientific associations** also qualify for preferential rates for certain journals. Please contact us at service@karger.ch for more information.

Special pricing is available for **library consortia** and **commercial organizations**: please inquire by sending an e-mail to service@karger.ch.

Ordering

Journal subscriptions as well as continuation orders for book series can be placed at any bookstore, subscription agency, directly with Karger Publishers, or at one of its agencies. Every journal homepage offers order forms to print out or fill in online. Orders can also be e-mailed to orders@karger.ch. Please note that every journal has a set of two **ISSN** numbers, one for the print edition and one for the online one: be sure to quote the right one depending on the delivery form you wish for your subscription; for Print + Online please indicate both.

Prices

All prices are based on the Swiss Franc. Prices are subject to change. Prices in EUR are only valid within Germany, prices quoted in USD are valid for the USA only.

Invoicing and Dispatch

The **postage and handling** charge for Print Only or Print + Online subscriptions is indicated separately. To ensure **rapid delivery** to all destinations, we use **SAL** (Surface Air Lifted) for overseas. Airmail delivery is also available at a supplementary charge.

Institutions and private persons with a **subscription account** directly with Karger Publishers will receive separate invoices for the different types of subscription.

Subscription Period

Print subscriptions run for a full calendar year and may cover more than one volume. New subscriptions placed during the year will begin with the delivery of all back issues for that subscription year.

An **online subscription** allows access only to issues published in the subscription year. Access is activated with the first issue in that subscription year going online. These issues remain accessible on an archival basis even if the subscription is not renewed. It is not possible to access issues published prior and subsequent to the subscription year, unless a subscription to those years is purchased. **New online subscribers** receive instructions and their user ID/password together with the written confirmation of their order. For questions and problems our **help desk** can be reached under online@karger.ch.

Authorized Access

For personal subscribers **access** is regulated via **user ID/password**, for those at institutes and libraries additionally via **IP address(es)**.

In order to facilitate the administration of online subscriptions, we offer libraries the option of access regulation via IP address alone, provided there is no IP overlap or cross-accessing with other institutions. If you are interested, please contact us under service@karger.ch.

Back Volumes and Single Issues

Information on availability and prices of **single print issues and print or electronic back volumes** can be obtained from Customer Service at service@karger.ch.

eJournal Archives

Please see www.karger.com/eja for details and pricing of eJournal Archives for individual titles.

Journal Archive Collection

The Journal Archive Collection consists of all Karger journal issues from 1997 back to each title's first year of publication. The whole collection encompasses 64 journal titles divided into 5 subject packages. For further information, please visit www.karger.com/jac.

eBook Collection

The Karger eBooks Collection encompasses the online versions of all Karger book series titles published since 1997. For further information, please visit www.karger.com/ebooks.

Hospital Collection

The Karger Hospital Collection consists of 22 eJournal titles and 10 eBook series with clinically relevant titles across a wide range of medical subjects. For more details, please refer to www.karger.com/hospitalcollection.

Pharma Collection

The Karger Pharma Collection offers clients the opportunity to either compose their own customized collection themselves or have Karger put together a collection according to their wishes, choosing any number and combination of electronically available publications from the entire Karger book and journal program. For more details please refer to www.karger.com/pharmacollection.

General Journal Information

End-of-volume issues contain a title page, volume index, author index and, as a rule, a subject index. In the majority of journals, papers feature key words and abstracts or summaries in English. Papers which appear in multilingual journals contain an abstract in the original language and sometimes in the publication's other languages as well.

Full details on a journal's aims and scope, tables of contents, article abstracts and free online sample issues are available on the journal homepages on www.karger.com; use the **direct URL (Journal Gateways)** of the journal as indicated in this list.

Generally a journal issue is released online before the printed version is dispatched.

Online First: Many journals publish articles continuously online; the print version is released whenever an issue is completed.

Please use a **current, updated internet browser version**. Table of contents, article abstracts, references and most articles are available in HTML. All articles are also available in PDF format. To view and print the PDF files, Acrobat Reader from Adobe is required.

Information Service

A **free electronic sample** issue can be accessed from every journal's homepage.

The Karger Alert system notifies you whenever a new article (for online-first journals) or issue has become available online. You can also opt to be informed about new book releases in your fields of interest. Compose your alert profile at www.karger.com/alert to make the most of this information tool.

For comprehensive information downloads please go to www.karger.com/info-download.

For more information:

Bestellinformation

Abonnemente

Karger bietet **drei Abonnementstypen** für Zeitschriften an: «Print Only», «Online Only» und die Kombination «Print + Online».

Der jährliche Basispreis ist für alle drei Varianten gleich. Bei der Kombination von Print- und Online-Abonnement wird jedoch ein Zuschlag erhoben, und bei «Print Only» bzw. «Print + Online» kommt jeweils eine Versandkostenpauschale hinzu.

Preismodell:

Print Only:	100% + Versandkostenpauschale
Online Only:	100%
Print + Online:	100% + 10% + Versandkostenpauschale (Institutionen)
Print + Online:	100% + Pauschale pro Band + Versandkostenpauschale (Private)

Der Zuschlag für die Kombination von «Print + Online» für Institutionen beträgt 10%, mindestens aber CHF 69.– / EUR 55.– / USD 67.00. Die Pauschale für die Kombination von «Print + Online» für Private beträgt zur Zeit CHF 48.– / EUR 38.– / USD 47.00 pro Band.

Wir machen darauf aufmerksam, dass sowohl für eine **«multi-site license»** (für Institutionen mit mehr als einem Standort) als auch den **«remote end-user access»** (Endnutterzugang ausserhalb des eigentlichen Standorts) separate Verträge nötig sind; institutionelle Online-Abonnemente erlauben zwar gleichzeitige Mehrfachnutzung, jedoch nur innerhalb eines Standorts.

Zu Bedingungen und Einschränkungen für Nutzung und Verbreitung von Online-Volltextmaterial aus Karger-Büchern und -Zeitschriften beachten Sie bitte unsere **«site license»** unter www.karger.com/sitelicense.

Vergünstigungen

Auf **Privatabonnemente** gewähren wir in der Regel hohe Rabatte. Genaue Angaben sind auf den jeweiligen Zeitschriften-Homepages zu finden. Bestellungen für Private müssen mit dem Vermerk «Privat-abonnement» versehen sein. Der Spezialpreis kann nur zugestanden werden, wenn die Zeitschrift an eine Privatadresse geliefert und das Abonnement aus privaten Mitteln, bzw. mit der persönlichen Kreditkarte bezahlt wird. Private, die ihr Abonnement aus Gruppen- oder Institutsmitteln finanzieren, müssen schriftlich bestätigen, dass die Zeitschrift nur für ihren persönlichen Gebrauch bestimmt ist. Persönliche Online-Abonnemente sind nicht übertragbar, der Zugriff ist durch ID und Passwort geschützt.

Bei verschiedenen Zeitschriften geniessen **Mitglieder bestimmter Gesellschaften** Vorzugspreise. Für Detailinformationen wenden Sie sich bitte an service@karger.ch.

Bibliothekskonsortien und **kommerziellen Organisationen** bieten wir spezielle Konditionen an. Bitte erkundigen Sie sich beim Kundendienst unter service@karger.ch.

Bestellungen

Zeitschriftenabonnemente und Fortsetzungsaufträge für Buchreihen können bei jeder Buchhandlung, Zeitschriftenagentur, direkt beim Karger-Verlag oder bei einer seiner Vertretungen bestellt werden.

Entsprechende Bestellformulare zum Ausdrucken oder zum Ausfüllen online finden Sie auf den einzelnen Zeitschriften-Homepages. Sie können Ihre Bestellung auch per E-Mail an orders@karger.ch schicken.

Beachten Sie, dass jede Zeitschrift über eine separate **ISSN** für die Print- und die Online-Ausgaben verfügt. Bei einem kombinierten «Print + Online»-Abonnement geben Sie bei Ihrer Bestellung bitte beide an.

Preise

Alle Preise basieren auf dem Schweizer Franken. Preisänderungen vorbehalten. Deutschland, Schweiz, Österreich: empfohlene Ladenpreise, wobei EUR-Preise nur in Deutschland und USD-Preise nur in den USA Gültigkeit haben.

Rechnungsstellung und Versand

Die **Versandkostenpauschale** wird separat ausgewiesen. Die **Zustellung** erfolgt auf dem schnellsten Weg; entferntere Destinationen werden per **SAL** (Surface Air Lifted) bedient. Für **Luftpostversand** wird ein Zuschlag erhoben.

Karger-**Direktabonnenten** erhalten für die verschiedenen Abonnementstypen separate Rechnungen.

Abonnementsdauer

Print-Abonnemente gelten für ein Kalenderjahr und können mehr als einen Band umfassen. Bei Bestellung während des Jahres werden die bereits erschienenen Hefte nachgeliefert.

Online-Abonnemente berechtigen ausschliesslich zum Zugriff auf die Hefte eines abonnierten Jahrgangs: Der Zugriff wird mit Erscheinen des ersten Hefts geöffnet. Auch ohne Weiterführung des Abonnements bleibt die

Zugangsberechtigung für diesen abonnierten Jahrgang in Folgejahren bestehen. Auf vor oder nach dem abonnierten Jahrgang publizierte Hefte besteht hingegen keine Zugriffsmöglichkeit. Online-**Erstabonnenten** erhalten mit der schriftlichen Bestätigung ihrer Bestellung eine Anleitung sowie Passwort und Benutzername. Bei Fragen oder Unklarheiten steht Ihnen per E-Mail unser **Hilfesservice** unter online@karger.ch zur Verfügung.

Zugriffskontrolle

Die **Zugriffsberechtigung** für persönliche Abonnenten wird über **Benutzername/Passwort**, für institutionelle Abonnenten zusätzlich über die **IP-Adresse(n)** geregelt.

Bibliotheken können wir eine Lösung auf der Basis der Freischaltung über IP-Adresse anbieten, sofern es nicht zu IP-Überlappungen mit anderen Institutionen oder «cross accessing» kommt. Bitte melden Sie sich für weitere Informationen unter service@karger.ch.

Einzelhefte und «Back Volumes»

Angaben über Verfügbarkeit und Preise von **Einzelheften** und **Print- oder Online-«Back Volumes»** sind beim Kundendienst unter service@karger.ch erhältlich.

eJournal Archives

Auf www.karger.com/eja finden Sie Informationen und Preisangaben zu den eJournal Archiven einzelner Titel.

Journal Archive Collection

Die Journal Archive Collection besteht aus allen Karger-Zeitschriftenausgaben von 1997 an zurück zum jeweiligen ersten Herausgabebjahr. Die gesamte Sammlung umfasst 64 Zeitschriften in 5 Themengruppen. Weitere Informationen finden Sie unter www.karger.com/jac.

eBooks Collection

Die Karger eBooks Collection umfasst die Online-Versionen aller Karger-Reihentitel seit 1997. Weitere Informationen finden Sie unter www.karger.com/ebooks.

Hospital Collection

Die klinisch ausgerichtete Karger Hospital Collection deckt mit 22 eJournal-Titeln und 10 eBook-Reihen ein breites Spektrum an medizinischen Fachgebieten ab. Weitere Informationen finden Sie unter www.karger.com/hospitalcollection.

Pharma Collection

Die Karger Pharma Collection bietet interessierten Kunden die Möglichkeit, sich ihre Collection selbst zusammenzustellen oder Karger damit zu beauftragen; dazu stehen alle Titel des elektronisch verfügbaren Karger Zeitschriften- und Buchkatalogs zur Verfügung, und Anzahl sowie Kombination sind frei wählbar. Weitere Informationen finden Sie unter www.karger.com/pharmacollection.

Allgemeine Zeitschrifteninformationen

Das **letzte Heft** jedes Zeitschriftenbandes enthält Titelblatt, Bandindex, Autorenregister und in der Regel auch ein Sachregister. Die meisten Zeitschriften bieten zu jedem Artikel Schlüsselwörter («key words»). Mehrsprachige Zeitschriften weisen eine Zusammenfassung in der Originalsprache und in Einzelfällen auch in weiteren Sprachen auf.

Vollständige Informationen zur Ausrichtung einer Zeitschrift, sowie Zugriff auf die Inhaltsverzeichnisse, Artikelzusammenfassung und Online-Probenummern erhalten Sie auf den Zeitschriften-Homepages; benutzen Sie die **direkten URLs («Journal Gateways»)**, wie in dieser Preisliste angegeben. Die Online-Freigabe eines Zeitschriftenheftes erfolgt generell vor dem Versand seiner Druckausgabe.

«Online First»: Viele Zeitschriften veröffentlichen Artikel laufend online; die Druckausgabe folgt mit der Komplettierung des Heftes.

Bitte benutzen Sie einen **gängigen aktualisierten Internet-Browser**. Inhaltsverzeichnisse, Artikelzusammenfassungen, Referenzen und die meisten Artikel stehen in HTML bereit. Alle Artikel sind auch im PDF-Format verfügbar. Zum Lesen und Ausdrucken der PDF-Dateien benötigen Sie Acrobat Reader von Adobe.

Informationsdienst

Auf jeder Zeitschriften-Homepage steht Ihnen eine **vollständige Online-Probenummer** gratis zur Verfügung.

Das Karger Alert-System meldet Ihnen, sobald ein neuer Artikel (bei «Online First»-Zeitschriften) oder ein neues Heft erscheint. Zusätzlich können Sie sich über Buchneuerscheinungen informieren lassen. Stellen Sie sich Ihr Alert-Profil unter www.karger.com/alert zusammen und nutzen Sie diese Informationsquelle.

Umfassende Informationen können auch auf www.karger.com/info-download heruntergeladen werden.

Continuation Order for Book Series

Continuation orders authorize Karger to ship and bill each subsequent volume in the selected series immediately upon release. Continuation orders bring the benefit of automatic continuity under your order number. You may cancel your order at any time. The right to return individual volumes within one year is granted. Books in Karger series are published with variable frequency. Prices vary according to folio, therefore advance payment cannot be accepted. Detailed information can be found on the individual book series' homepage.

Fortsetzungsauftrag für Reihenpublikationen

Fortsetzungsaufträge ermöglichen es dem Verlag, Ihnen jeden neuen Band einer Reihe unmittelbar nach Erscheinen mit Rechnung und Ihrer Bestellnummer zu liefern. Die schriftliche Abbestellung kann jederzeit erfolgen. Das Rückgaberecht für einzelne Bände innerhalb eines Jahres ist gewährleistet. Bände einer Karger-Reihenpublikation erscheinen in unterschiedlichen Zeitabständen. Die Bandpreise richten sich nach dem Umfang, Vorauszahlungen können daher nicht angenommen werden. Ausführliche Informationen finden Sie auf den Homepages der einzelnen Buchreihen.

For detailed information please consult the individual bookseries homepages

Prices are subject to change; postage will be billed separately

KARGER

Karger

This new Karger online collection aims to meet the needs and requirements of the pharma industry. Karger's exclusively biomedical program retains high affinity with pharmaceutical core fields of research.

Create Your Own Collection

The Pharma Collection offers you the opportunity to create your own customized collection: You are free to choose any Karger publication – journals, serial or non-serial books – or commission us to compose a customized collection with your preferred subject areas.

— **You will receive an attractively priced offer for:**

One Collection – Your Collection

Your Benefits

- eJournals and eBooks available on one platform
- Unlimited simultaneous and perpetual access
- Implemented Google search tool
- COUNTER-compliant statistics

Trials

- Free trials for any Karger eJournals

Pricing

- Collections with 3 new subscriptions: minimum 30% off
- Larger packages: attractive flat rates
- Invoice: all-in-one
