European Addiction Research is a unique international scientific journal for the rapid publication of innovative research covering all aspects of addiction and related disorders. Representing an interdisciplinary forum for the exchange of recent data and expert opinion, it reflects the importance of a comprehensive approach to resolve the problems of substance abuse and addiction in Europe. Coverage ranges from clinical and research advances in the fields of psychiatry, biology, pharmacology and epidemiology to social, and legal implications of policy decisions. The goal is to facilitate open discussion among those interested in the scientific and clinical aspects of prevention, diagnosis and therapy as well as dealing with legal issues. An excellent range of original papers makes *European Addiction Research* the forum of choice for all.

Types of Papers

European Addiction Research accepts papers on the three following sections: Research Report, Review and Short Communication. Reviews may contain overviews, meta-analyses and conceptual papers based on a literature

overview; Research Reports contain data generated by the authors; Short Communications will also be restricted to relevant issues of scientific debate.

Blind Review

A list of all authors and their institutes and affiliations as well as the exact postal address of the corresponding author complete with postal code, telephone, fax number and e-mail address should be supplied as a separate document to ensure anonymous reviewing.

Conditions

All manuscripts are subject to editorial review. Manuscripts are received with the explicit understanding that they are not under simultaneous consideration by any other publication. Submission of an article for publication implies the transfer of the copyright from the author to the publisher upon acceptance. Accepted papers become the permanent property of *European Addiction Research* and may not be reproduced by any means, in whole or in part, without the written consent of the publisher. It is the author's responsibility to obtain permission to reproduce illustrations, tables, etc. from other publications.
